

HANDS ON TRAINING PROGRAM ON Wastewater Management

A Joint Initiative of
IITI DRISHTI CPS Foundation and **IIT Indore**
supported by NCSTC division of DST and INYAS, INSA

09th-15th August, 2026

IIT Indore

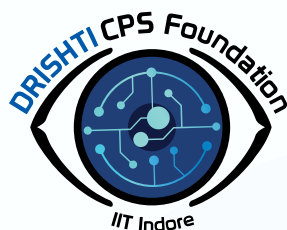

About the Workshop

An interactive hands-on workshop offering practical exposure to wastewater analysis, treatment technologies, and environmental management through real laboratory and field-based techniques.

Who Can Join?

Students, researchers, industry professionals and environmental enthusiasts from relevant disciplines

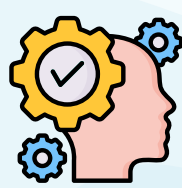

What you will learn

WATER ANALYSIS

Advanced techniques for analyzing water quality using various instruments and following standard experimental protocols

PRACTICAL EXPERIENCE

Hands-on experiments including sample preparation, biochemical assays, and operation of key analytical tools.

TREATMENT METHODOLOGIES

Understanding and implementing effective water and wastewater treatment processes and technologies.

DATA MODELING & SIMULATION

Training and internships on techniques and software for data modeling and simulation in wastewater treatment.

SKILL DEVELOPMENT

Learn to troubleshoot instruments, interpret data accurately and apply knowledge to real-world problems.

Advanced Instrumentation Training

GAS CHROMATOGRAPHY (GC)

For separation and analysis of volatile compounds

HIGH-PERFORMANCE LIQUID CHROMATOGRAPHY (HPLC)

For identification and quantification of organic and inorganic analytes

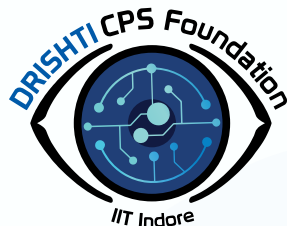

UV-VISIBLE SPECTROPHOTOMETRY

For quantitative analysis based on absorbance measurements.

Benefits

- Practical laboratory experience
- Exposure to advanced instruments & software
- Internship opportunities
- Industry-relevant skills
- Certificate upon successful completion

Scan QR to Apply

Course Fees
Rs.3,000/- + 18%GST

The above fee includes all instructional materials, tutorials, assignments, laboratory visits and food

Last date to register:
10th June 2026

Convenor

Prof. Kiran Bala
MFSOS, IIT Indore

Co-Convenor

Dr. Atreyee Ghosh
IITI DRISHTI CPS Foundation

Co-Convenor

Dr. Mayur Shirish Jain
Department of Civil Engineering,
IIT Indore

Contact person

Prof. Kiran Bala
Mehta Family School of Sustainability, IIT Indore
