

IIT Indore & INYAS under the aegis of DST/NCSTC Organizes One-day Interactive Session Awareness Session on Sustainable Wastewater Management

Theme: Sustainable Wastewater Management for Water Security and
Environmental Protection

Swami Vivekanand Group of Institutions, Indore

June 5, 2026

10:00 AM onwards

Celebrate World Environment Day with an engaging session on sustainable wastewater management. Featuring expert talks and interactive discussions, the session will explore wastewater treatment, pollution prevention, and innovative technologies for protecting water resources and ecosystems. Open to UG and PG students—join us to discover how sustainable wastewater management plays a vital role in building a cleaner and resilient future.
